We build community

Dear Friends,

We are pleased to present you with Mile High Ministries' Annual Report from our fiscal year ending June 30, 2024. We are honored to be your partners in loving our city's people—including many who struggle with the effects of homelessness, violence, and other forms of trauma.

Last year, Denver's mayor asked the faith community to join a groundbreaking effort to get Denverites off the street and into safe, affordable housing. In collaboration with others and support from you, we're grateful to have done our own significant part:

- We opened Clara Brown Commons with 61 apartments and 17 townhomes.
- At Joshua Station we offered a home for almost a dozen migrant families who squeezed in next to our other formerly unhoused families. The blend of cultures brought challenges—and unexpected blessings.
- Churches and schools looked to our Abundant Ground program for guidance on how to leverage underutilized land for affordable housing and other ways of caring.

Every bit of this work was a manifestation of your generosity and encouragement. As always, the main message of this report is very simple: Thank you!

Blessings and peace,

Jeff Johnsen
Executive Director
